

A contour plot of the numerical solution to the capacitor problem

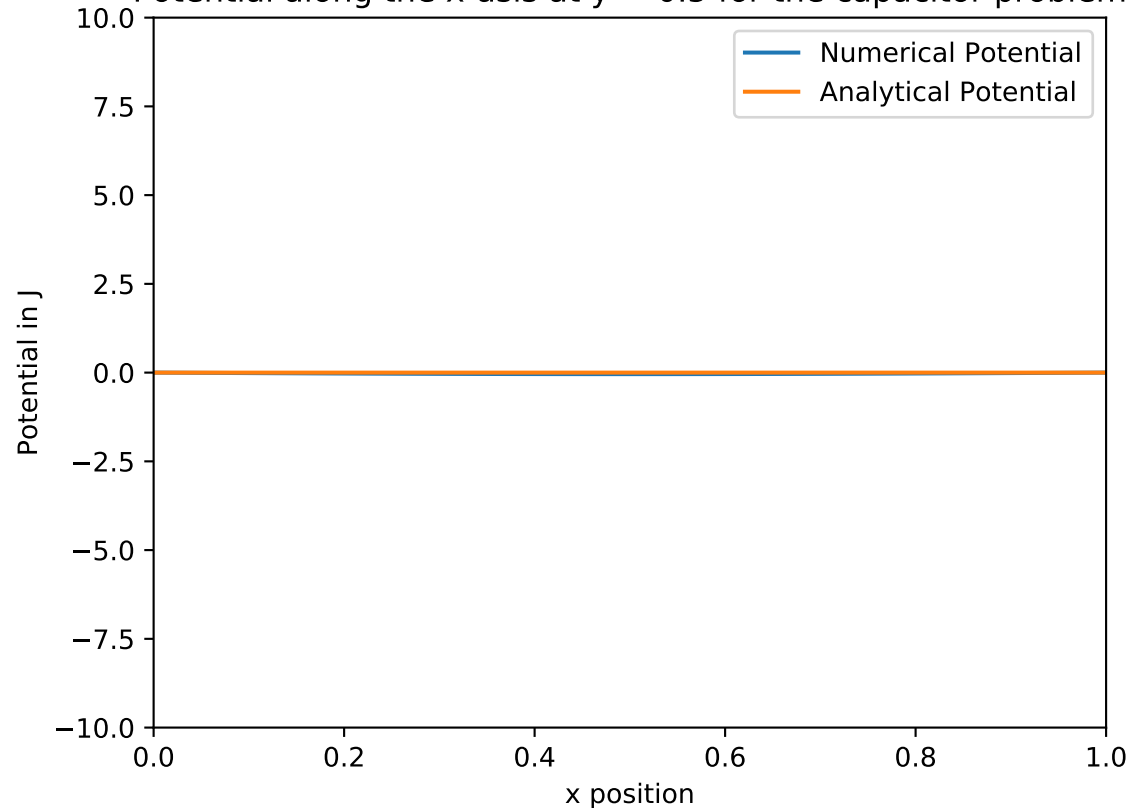

A contour plot of the analytical solution to the capacitor problem

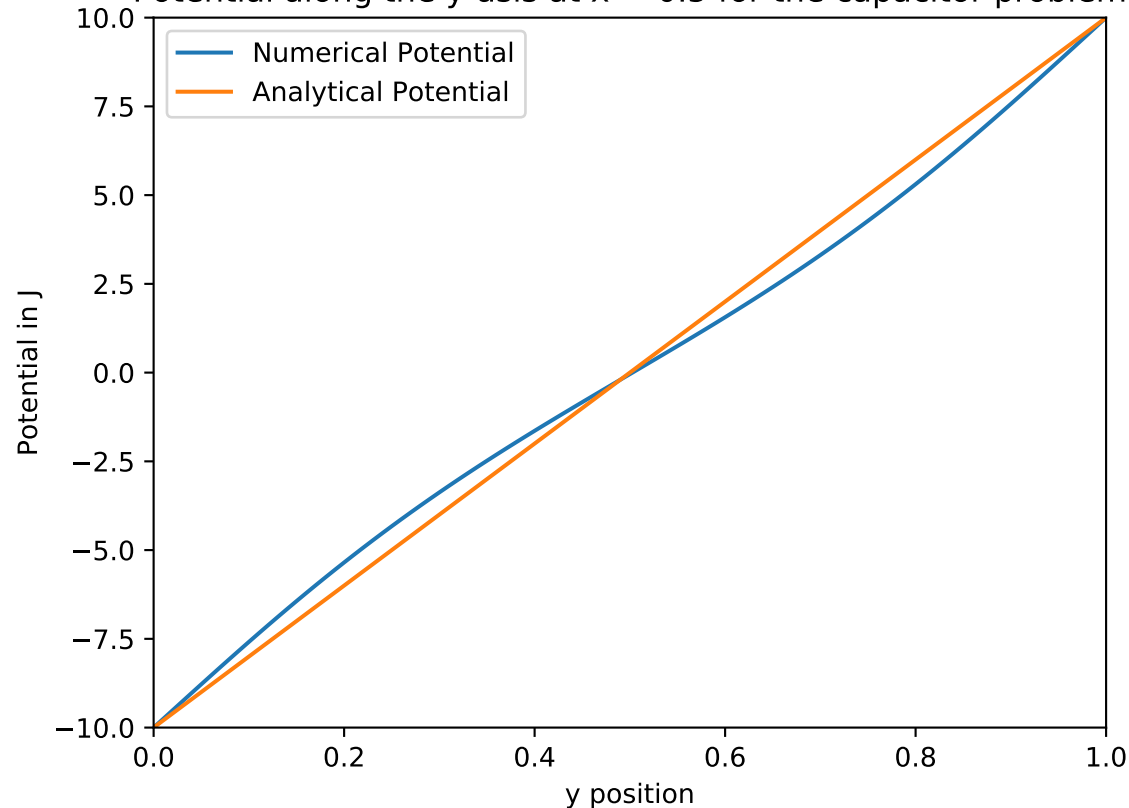

Convergence monitor for the capacitor problem

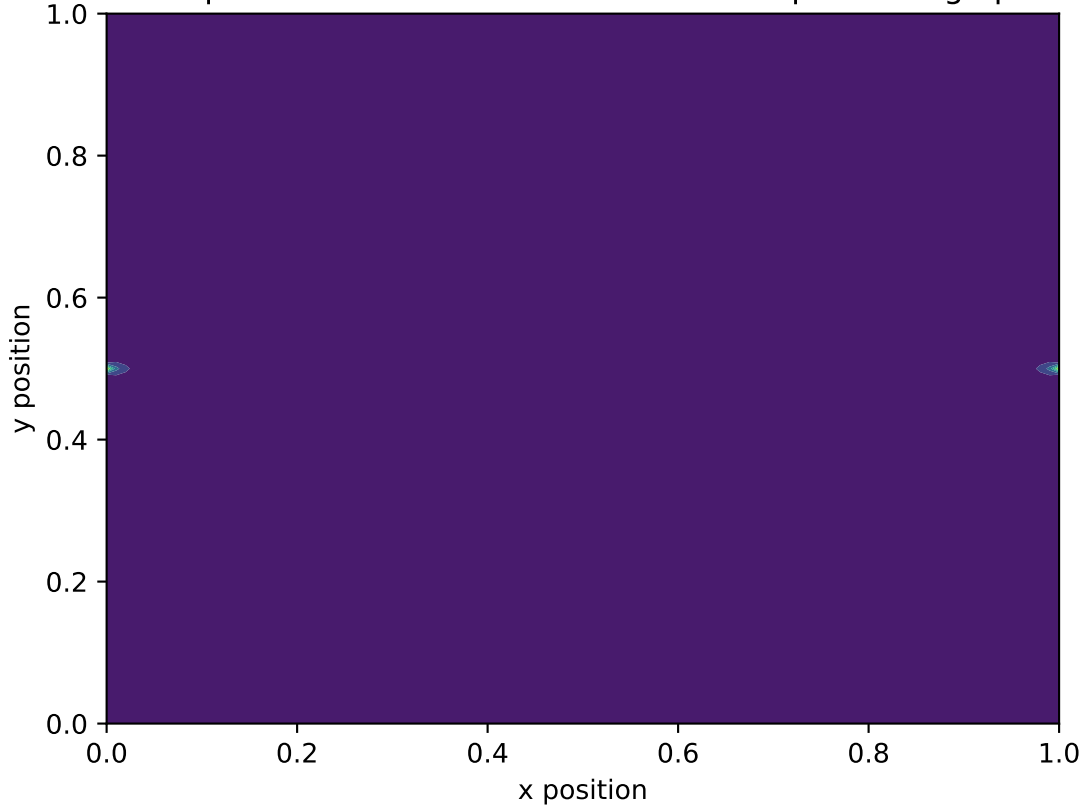

Potential along the x-axis at $y = 0.5$ for the capacitor problem

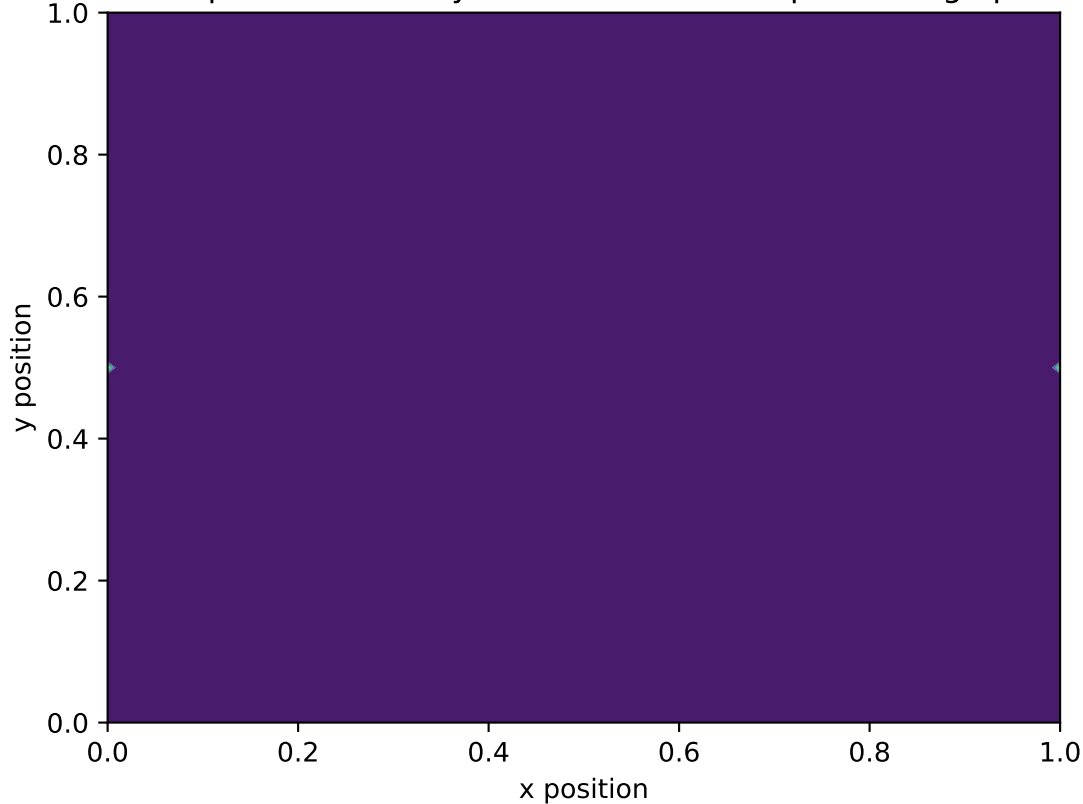

Potential along the y-axis at $x = 0.5$ for the capacitor problem

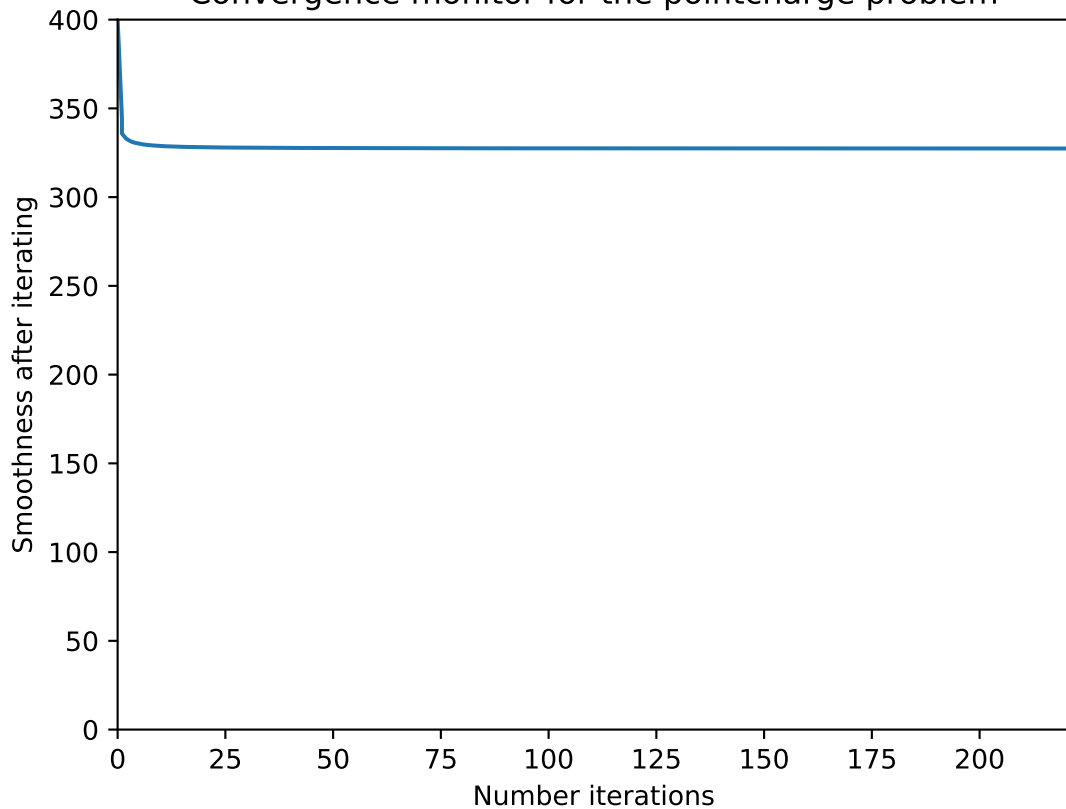

A contour plot of the numerical solution to the pointcharge problem

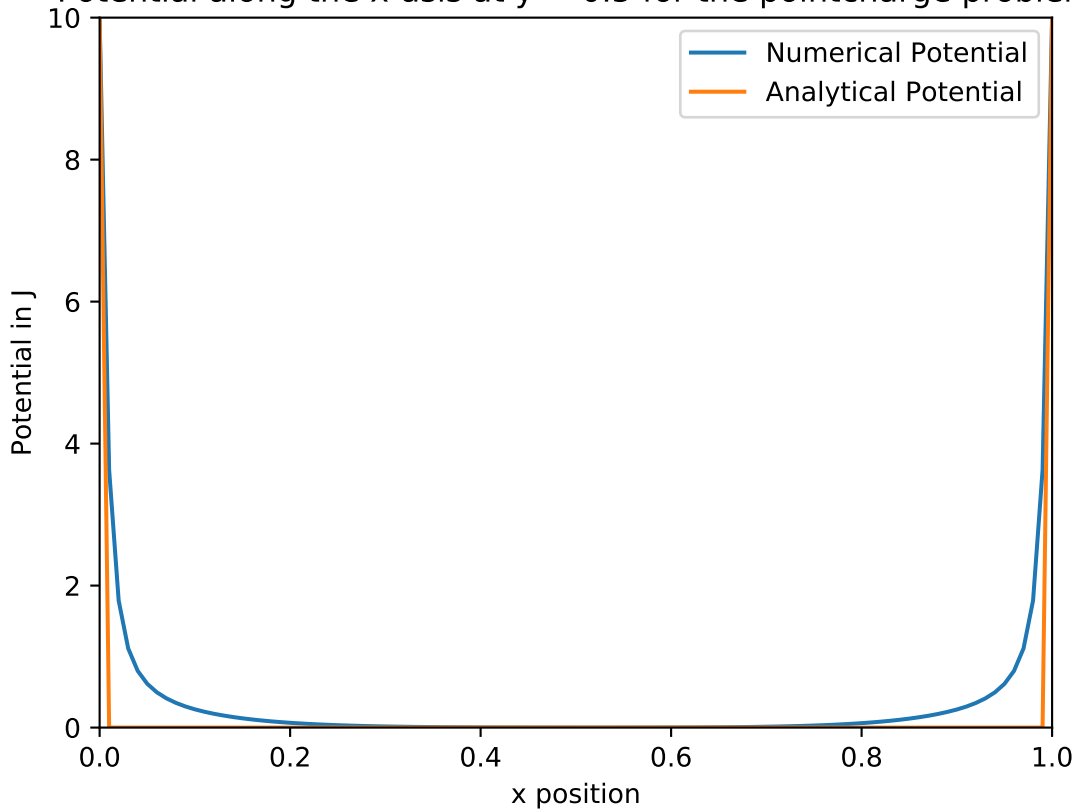

A contour plot of the analytical solution to the pointcharge problem

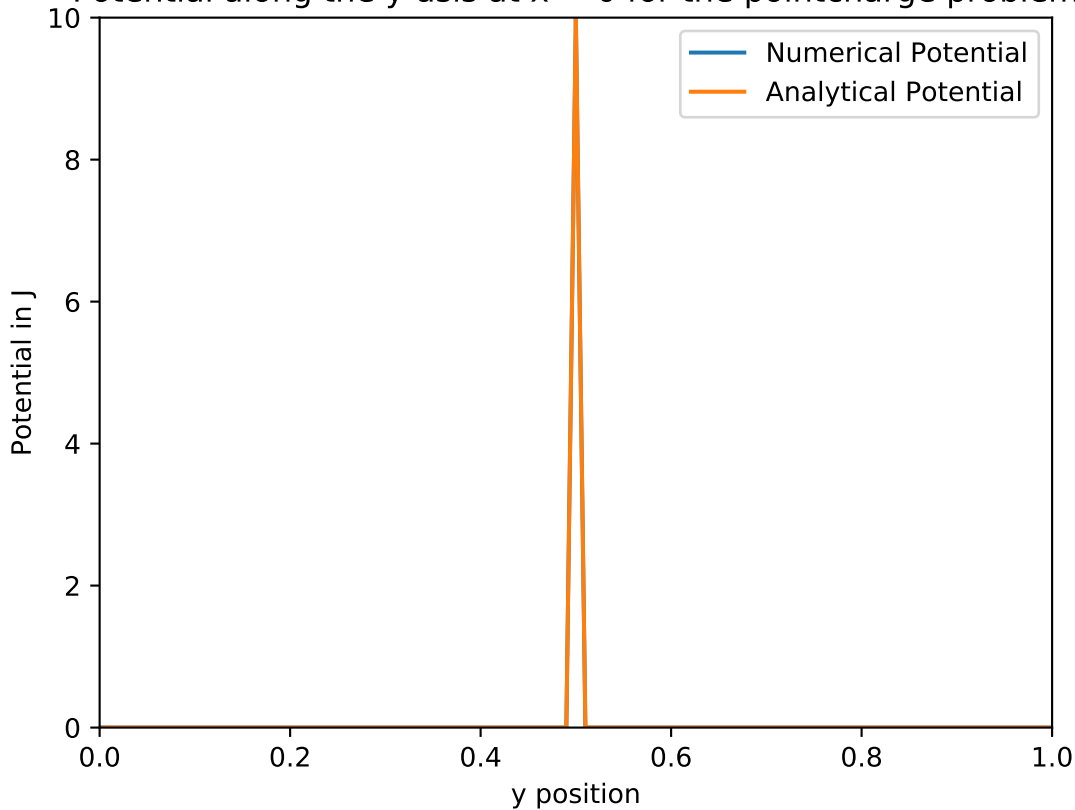

Convergence monitor for the pointcharge problem

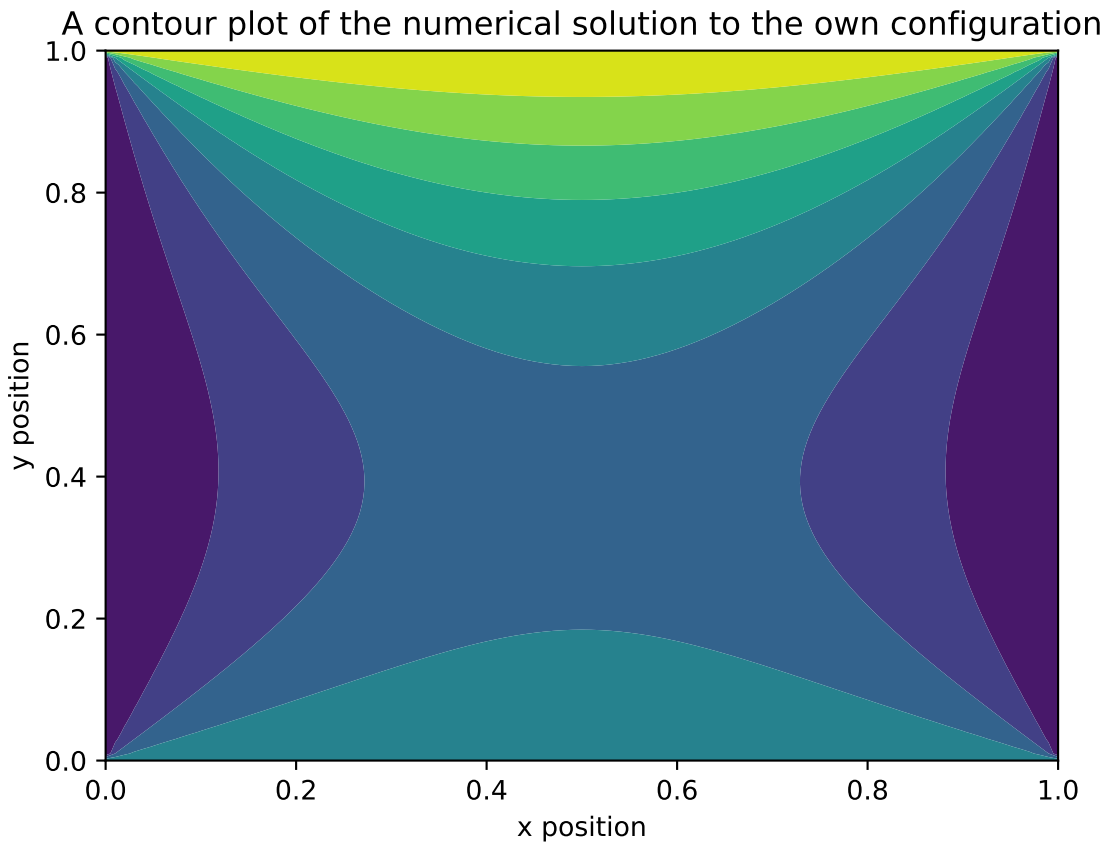

Potential along the x-axis at $y = 0.5$ for the pointcharge problem

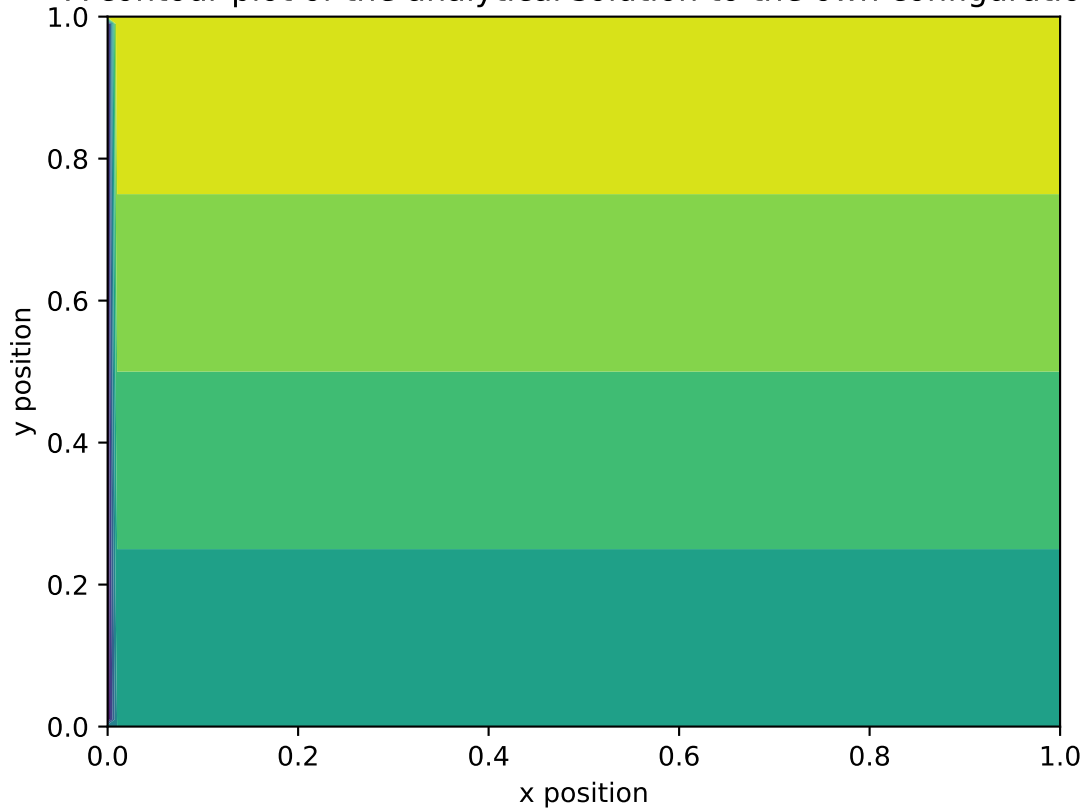

Potential along the y-axis at $x = 0$ for the pointcharge problem

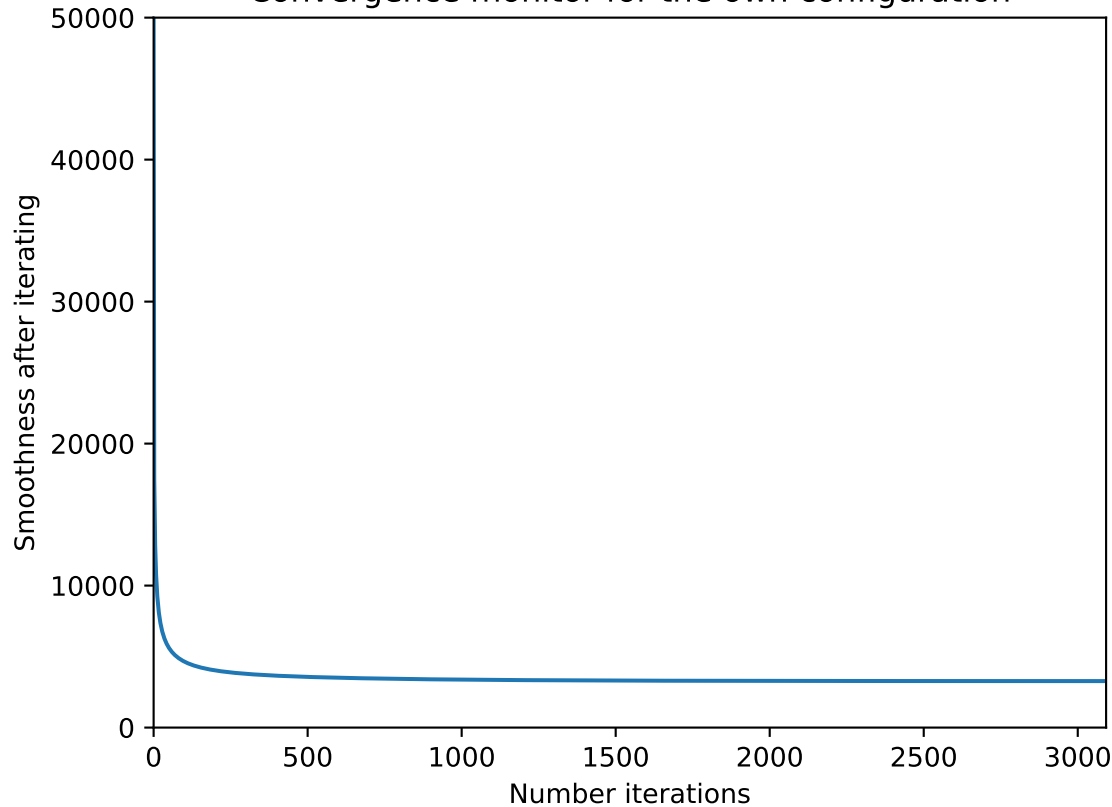

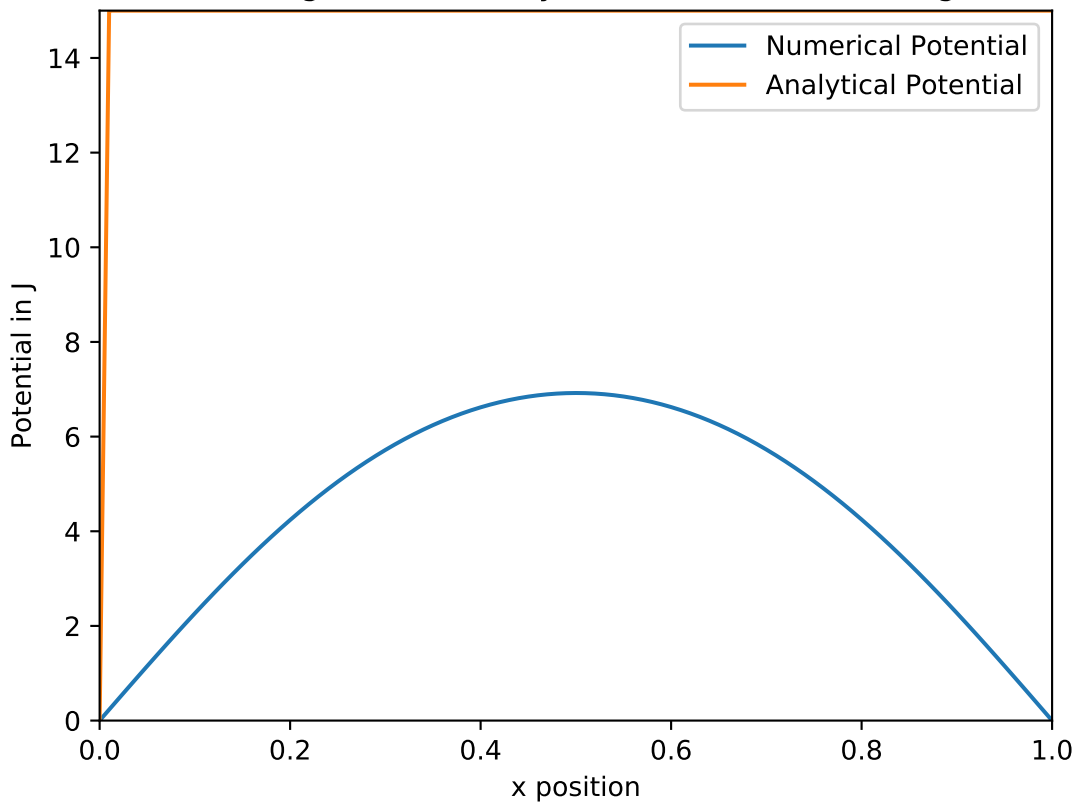

A contour plot of the analytical solution to the own configuration

Convergence monitor for the own configuration

Potential along the x-axis at $y = 0.5$ for the own configuration

Potential along the y-axis at $x = 0.5$ for the own configuration
